User Story Epic	User Story ID	User Stories			Acceptance Criteria			Priority
		As a	I want to	So that	Given	When	Then	
Set-up smart contracts		As a User,	I want to set up a smart contract,	so that I can enter into a contract with another party.	Given the user wants to set up a smart contract,	When I navigate to the "Create Smart Contract" page	Then I am able to fill out details for a new smart contract.	
		As a User,	I want to send the smart contract to the other party,	so that they can sign off on it and enter into a contract with me.	Given the user wants to send the smart contract to the other party,	When I click "Share Smart Contract Link",	Then a URL is generated which I can send to the other party.	
		As a User,	I want to access a smart contract via a link,	so that I can sign off on it and enter into a contract with the other party.	Given the user wants to access the smart contract via a link,	When I click on the Smart Contract link,	Then I am directed to the "Confirm Smart Contract" page.	
Manage smart contracts		As a User,	I want to check the payment status,	so that I can check whether and when I get paid(performer); or check whether the payment is successful (promoter).	Given the user wants to check the payment status of the smart contracts,	When I click on the "Payment Status" link,	Then I am able to view the payment status of the selected smart contract.	
		As a Promoter,	I want to dispute the contract,	so that I can get my money back if the performer did not fulfil the contract.	Given the promoter wants to dispute the contract,	When I click on the "Dispute" link,	Then I am able to fill in the details of the dispute and submit it to the platform.	
		As an Admin,	I want to check and manage the dispute,	so that I can manually solve the complicated disputes.	Given the admin wants to solve the dispute,	When I am on the "Manage Dispute" page and click the "Manually solve" link,	Then I am able to view the details of the dispute and solve the dispute.	
		As an Admin,	I want to set the threshold of simple dispute,	so that I can automatically solve simple disputes.	Given the admin wants to automatically solve the simple dispute,	When I am on the "Manage Dispute" page and click the "Setting Threshold" link,	Then I am able to change the threshold for determining a simple contract.	
Access Apollo's Social Media Platform		As a User,	I want to log in with my account	so that I can access the Apollo music platform.	Given the user have an account and wants to log in to the Apollo Platform,	When I fill in the username and password, then click on the Log in button,	Then I should be directed to the Home Page.	
		As an Admin,	I want to log in admin-end with my account	so that I can administrate the Apollo music platform.	Given the admin wants to log in to the Apollo Platform,	When I fill in the username and password, then click on the "Log in" button,	Then I should be directed to the Administration Page.	
		As a User,	I want to communicate with others,	so that I can talk about the details of the gig and contract.	Given the admin wants to communicate with others,	When I click on the "Message" button,	Then I should send and receive the message in the chatbox.	
		As a User,	I want to submit the contract modification details to the contracting party,	so that I can confirm the contract and sign it.	Given the user wants to submit the contract modification details to the contracting party,	When I update the modification details and click on the "Submit" button,	Then the contracting party should receive the notification and could check it on the Contract Page.	
		As a User,	I want to check the contracting party's rating,	so that I can know the impression level about this person.	Given the user wants to check the contracting party's rating,	When I click on the "Rating" button,	Then I should be directed to the rating Page and view the rating.	
		As a User,	I want to check the contracting party's reviews,	so that I can know the person's reputation and Impression on others.	Given the user wants to check the contracting party's reviews by others,	When I click on the "Reviews" button,	Then I should be directed to the Review Page and view the reviews written by others.	
		As a User,	I want to leave rating&reviews for the contracting party,	so that I can give other people more information about the contracting party.	Given the user wants to leave the rating&reviews for past contracting party,	When I click on the "Write a Comment" button,	Then I should be directed to the Comment Page and leave a new rating and comment.	
Check gig-list		As a User,	I want to view upcoming gigs	so that I can view gig information & contact related individuals	Given the user wants to view an upcoming gig's information	When I click on a specific upcoming gig	Then I should be directed to that gig's page and be able to view the gig's information	

		As a User,	I want to view past gigs	so that I can view gig information & contact related individuals	Given the user wants to view a past gig's information	When I click on a specific past gig	Then I should be directed to that gig's page and be able to view the gig's information	
		As a User,	I want to cancel an upcoming gig	so that I can relay to the concerned individuals that the event is not happening	Given the user wants to cancel an upcoming gig	When I click on the "Cancel gig" button	Then I should get a popup to confirm my intention to cancel the gig	
		As a User,	I want to renegotiate an upcoming gig	so that I can change specific entries in the smart contract	Given the user wants to renegotiate the smart contract for an upcoming gig	When I click on the "Renegotiate gig" button	Then I should be directed to the smart contract page of that gig and be able to make changes there	
Administrate Social Media Platform		As an Admin,	I want to process malicious reviews	so that I can avoid malicious comments appearing on the platform and keep the platform organized.	Given admin the right to control user comments,	When I click the visible sign of a specific comment,	Then the visible sign becomes the invisible sign.	
		As an Admin,	I want to ban the malicious user account	so that I can punish bad users and maintain order on the platform.	Given admin the right to disable a user account,	When I click the ban button of the user account	Then I should receive a notification that banning the account is successful.	
		As an Admin,	I want to restore the user account	so that I can allow users to reuse their accounts and keep the platform organized	Give admin the right to recover user account,	When I receive a user account recovery request and click the Approve button,	Then I should receive a notification that the approval is successful.	
Account creation & Management		As a User,	I want to fill in my account details,	so that I can complete the creation of my Performer account on the Apollo platform.	Given the user wants to create an account on the Apollo Platform,	When I click on the Create Account button,	Then I should be directed to the Fill In Account Details Page.	
		As an Admin,	I want to fill in my account details,	so that I can complete the creation of my Admin account on the Apollo Admin Portal.	Given I have been given an invite to create an admin account via email,	When I click on the link in the email,	Then I should be directed to the Fill In Account Details Page for new admin accounts.	
		As a User,	I want to provide my identification documents	so that I can verify my identity and account.	Given I have created an account & want to verify my account,	When I click on the Verify Account button,	Then I should be directed to the Account Verification page where I can submit documents verifying my identity.	
		As a User,	I want to be able to access the "Edit Account Details" page,	so that I can edit my account details.	Given I have a need to update my account details,	When I click on the Edit Account Details button,	Then I should be directed to the Edit Account Details page.	
		As a User,	I want to be able to delete my account,	so that I can remove my confidential data from the platform once I have no further intentions to use the platform	Given I have no more intention of using the Apollo Platform,	When I click on the Delete Account button,	Then I should have my account deleted with a confirmation via email.
